THE PARENT
CHILD CENTER
of TULSA

The Parent Child Center of Tulsa's vision is that all parents have the knowledge and skills to protect, nurture, and provide for their own child.

We build PATHWAYS OF HOPE for our clients so that they may meet their goals. We understand that families struggle with a variety of obstacles and unexpected life events. We are here to help!

CORE VALUES AND BELIEFS

CHILDREN

All children are individuals who deserve to be loved, nurtured, and protected.

FAMILY

Children belong with their family whenever safely possible.

HUMANITY

People can change for the better when given the opportunity.

COMPASSION

Compassion is key to understanding the struggles families face.

COMMUNITY EDUCATION

KIDS ON THE BLOCK: Professional community educators present age-appropriate puppet programs to equip elementary school students with knowledge and skills, empowering them to seek help from trusted adults.

BRIGHT BEGINNINGS: Nurse Educators teach parents of newborns safe techniques for coping with challenging infant behaviors, such as calming an inconsolable crying baby and avoiding the dangers of shaking a baby. The program emphasizes the importance of talking, singing, and reading to infants as part of a nurturing parent-child relationship and healthy brain development.

INTENSIVE OUTREACH FOR FAMILIES

FAMILY CONNECTS®: Community-based nurse educators support new parents in caring for their newborn, offer physical assessments of the mother and baby, identify needs, and help to identify community services or resources that can meet those needs.

POSITIVE PARENTING: Professional staff present the home-based Parents As Teachers® program to improve child health and well-being, increase home safety, teach effective parenting skills, and school readiness.

SAFECARE®: Professional staff present intensive home-based parent education for pregnant women and parents of children ages 0-5 who have experienced risk factors such as substance abuse, mental illness, developmental delay or domestic violence.

I want you to know that people can change and do change, but we've got to have help in order to do that. It is places like this that miracles happen. There is hope, there is always hope. Compassion, dignity and hope – is what I found at The Parent Child Center of Tulsa.

CLIENT TESTIMONY

THERAPEUTIC SERVICES

COUNSELING SERVICES FOR ADULTS, CHILDREN, AND FAMILIES: Professional licensed therapists work with families to address problems related to current or past abuse and parenting issues. Our therapists offer in the treatment of infants and young children. Our professionals offer parent and child relationship-based services for infants and young children who have been abused or neglected, who have witnessed violence in their home, who have been exposed to trauma, or who have serious behavior problems that increase their risk for abuse or neglect. Therapists also offer group counseling services including Circle of Security™ and Nurturing Parenting™.

STRATEGIC PARTNERSHIPS

ANTI-BULLYING COLLABORATION: A 30 partner collaborative promoting a safe, civil, and respectful community by preventing bullying among children, youth, and adults.

FAMILY SAFETY CENTER: A Parent Child Center of Tulsa child therapist is embedded at FSC to provide in-the-moment assessment, support and referral for children whose families seek assistance for protective orders in cases of domestic violence.

SAFE BABIES COURT TEAM: A community collaboration approach, guided by ZERO TO THREE, which improves outcomes for maltreated infants and toddlers in state custody - and their parents - by achieving safer, faster, and better reunifications or adoptions.

OUR CLIENTS COME FROM ALL WALKS OF LIFE. WE PROVIDE A PATHWAY OF HOPE FOR A BETTER FUTURE. OUR OUTCOMES SHOW:

FEWER KIDS IN STATE CARE:

95% of children enrolled in our SAFECARE® program never have a confirmed case of child maltreatment with OKDHS.

PERMANENT HOMES FOR FOSTER CHILDREN:

95% of young children in foster care with closed cases in our SAFE BABIES COURT TEAM were placed in permanent homes earlier than the state average.

INCREASED PARENT EDUCATION:

Over 60% of mothers of newborns reported that the education they received from our BRIGHT BEGINNINGS nurse educators made a difference in their interactions with their babies.

I am better prepared now to work through future problems on my own.

My home visitor helps me feel like I can share my thoughts, concerns or questions.

What I have learned from coming to PCCT has led me to make positive changes in my life.

I would recommend The Parent Child Center of Tulsa's services to other people.

My confidence in my ability to parent my children has increased.
